Article Index

- Acoustic Techniques for Marine Geodesy, 13
Ancient Charts and Modern Mariners, 113
Depth Information from Side Looking Sonar, A Study in the Determination of,
95
Guest Editorial, 1, 73
International Association of Geodesy Section I, Marine Geodesy (1975-
79)—Report to the, 293
Lowest Mode of Oscillations in a Narrow-Mouthed Bay, 197
Mean Sea Level and Its Interpretation, 315
MultiBeam Bathymetric Sonar: SEA BEAM and HYDRO CHART, 77
New Volcanic Island Investigated by Remote Sensing Method, Growth Process
of a, 249
Ocean Current Measurements, Some Marine Geodetic Needs in, 179
Ocean Dynamic Information from Satellite Altimetry, On the Recovery of,
351
Plate Boundary Along the East Pacific Rise off Mexico, Definition of the, 29
Regional Ocean Tide Models Using Satellite Altimetry, On the Recovery of,
331
Relative Rates of Movement of the Ocean Floor, 3
Response of a Conventional Tide Gauge to a Tsunami, 223
Seasat Data Applications by Commercial Users, 387
Swathmap: Long Range Sidescan Sonar Mapping of the Deep Seafloor, 141
Tides at Port Mansfield, Laguna Madre, Texas, 237
Trenches in the Adjacent Seas of Japan, Topography of, 121
Tsunami Magnitude Scale, A New Objective, 267

Book Reviews

- Acoustical Oceanography, Principles and Applications, 59
Air Photography and Coastal Problems, 51
Barrier Islands from the Gulf of St. Lawrence to the Gulf of Mexico, 283
Fundamentals of Marine Acoustics, 69
Geophysical Fluid Dynamics, 287
Introductory Dynamic Oceanography, 67
Manganese Nodules: Research Data and Methods of Investigation, 167

Marine Hydrodynamics, 57

Mineral Deposits, Continental Drift and Plate Tectonics, 55

Monthly and Annual Mean Heights of Sea Level. Vol. 1: 1976—Europe, Africa, India, and the Far East; Vol. 2: 1977—North, Central, and South America; Vol. 3: 1978—Japan, Philippines, Australasia, and the Pacific Islands, 161

Pacific Manganese Nodule Province, Marine Geology and Oceanography of the, 165

Photography by Infrared: Its Principles and Applications, 45

Regimes for the Ocean, Outer Space, and Weather, 63

Sea Floor Around Japan: Aspects of Submarine Geomorphology, An Atlas of the, 169

Tidal Friction and the Earth's Rotation, 61

Waves in Fluids, 163

Waves in the Ocean, 49

New Publications, 71, 175, 291, 417
